

# #FTL2831 Red/Amber Types Installation Diagram

**1** BOTH RED AND AMBER WILL COME-ON TOGETHER:  
As packaged.

**2** STOCK ORIGINAL FUNCTION:  
Just cut the green jumper for operation as original 1928/31 Model "A". Yellow is stop light, red is running (tail) light.

**3** OPTIONAL- FOR YELLOW TURN SIGNAL AND RED STOP LIGHT :  
For vehicles with added turn signals.

**NOTE:** warranty is not void if green wire is cut in the center.

## IMPORTANT NOTE:

Be sure to route wiring to the side of the divider plate, not over the center.
